Fall of Man and The Promise of a Saviour

God is endless Light, trillions of pulsating light forces...beams of eternal bliss. He fills everywhere. The whole creation is in His spiritual body. That is why He is everywhere (omni-present), all-knowing (omni-scient) and all-powerful (omni-potent). He has no beginning of days and no-ending of days; The I AM (Exodus 3:14). He remains the same yesterday, today and forever (Hebrews 13:8).

He comes in fire enclosed in the whirlwind (Ezekiel 1: 27, 28) - Pillar of Fire in a cloud and the whirlwind. He is our eternal Light. The same Pillar of Fire (Exodus 3:2; Exodus 13: 21,22) that appeared to Moses and led the children of Israel out of Egypt.

He came to His disciples as tongues of Fire (Acts 2:3, 4). He came in Christ Jesus as a kinsman –redeemer, Emmanuel (Isaiah 9:6; 1Timothy 1:4).

God is spirit and they that worship Him must worship Him in Spirit and in Truth for such seeketh the Father to worship Him (John 4: 23,24).

Jesus Christ is the Holy Spirit dwelling in us today (Colossians 1:27)

GOD AND HIS CREATIONS

God has no beginning of days and no ending of days. We have no record of all He has been doing all these while. We know that at sometime, He created the angels (good and bad) for His purpose. It will interest us to know that outside the star constellations like our milky way, there is no day or night because day and night are occasioned by the rotation of the planets round their axes of rotation, and the revolutions round their stars (sun), determine the seasons!

PRE-HISTORIC CREATIONS

The earliest creation of God on earth which man has been able to unveil are the immediately pre- historic creations to ours which we have been able to discover through bone fossils and other monuments pointing to their existence, however, what lay hidden beneath the frozen arctic and Antarctica is largely unknown. Present dating methods have been able to put dates as to the time the discovered pre-historic creatures existed. What is interesting about these datings and the times of appearances of these creatures showed that all the creatures did not appear at the same time, lending credence to a creation story of Genesis 1:1 of a methodic God in creation. The ages which spanned millions of years brought forth different life –forms until dinosaurs, mammoths and even man-like creatures appeared in their ages. Scientific dating associated the creation of the earth to about 4.6 b years ago and that for the first 3 billion years, fossil life dominated the earth. We learnt about the ice-age which spanned about 2.4 m years ending about 11,500 years ago. The ice-age wiped out the mammoths; off course the dinosaurs had long been extinct as claimed by science research through asteroid strike. The dinosaurs were dated to have lived for about 165 million years and became extinct about 65 million years before man-like creatures appeared on earth about 2.4 million years ago. The ice-age, we believe is what the Genesis account said in Genesis 1:2 as the earth was without form and void!

SYNERGY BETWEEN BIBLICAL ACCOUNT AND SCIENTIFIC DATING

If we look at the dating for the end of the ice-age (approx 11,500 years ago) and compare it with the Genesis 1:3- end , we will see a close match. We first need to know that the Genesis 1:3-end account is different from the Genesis 1:1 account. The Genesis 1:1 account was the original creation account of which details are not added to the Bible. God spoke and fire burst forth and from the fire and the dust creation started. The timing was not told in the bible but as I presented in the first segment of this magazine, scientists date the earth to about 4.6b years ago. The Genesis 1:3 account is the account of a renewal of what He had created after the ice-age destruction of Genesis1:2 which is stated as ‘the deep’ and ‘the waters’.

If we look at this account, each day is accounted for a thousand years and the whole work was done in 6,000 years .

Continued on Page 4

If we add this to the present Adamic age of 6000 years , we have 12,000 years. 12,000 years ago, it was all ice, then God ‘ moved upon the waters’ and spoke ‘let there be Light ‘(Genesis 1:2,3). The ice began to melt and of course scientific dating begins to pick melted ice 500 years after God started to melt the ice and claimed ice-age ended 11,500 years ago- within the first day(1,000 years) of re-newal of the earth.

MODERN HISTORIC (ADAMIC ERA) CREATIONS

The adamic era began 12,000 years ago and this is historically proven. After the renewal, God created man ‘in His image’ 6,000 years ago. This created man, evidently, is the newest addition of God to His creations apart from sleeker and smaller shaped mammals and birds He made to suit the new age. He had created the Earth and the Heavens, He had created mammals and birds and fishes and the Homo-sapien man-like beast called the serpent (sounds like sapien!), but this time around for the first time, God made a creature ‘in His Image’ like Him to have dominion and subdue the earth. Evidently, he also created the serpent beast on the sixth day which is probably like the pre-historic strain, erect and probably more strikingly beautiful than the pre-historic Homo-sapien with all man-like characteristics and was classified as a beast in the Bible. Notice, man without the Holy Spirit is like the beast (serpent or any other beast) that perishes- No eternal life of God in it.

FALL OF MAN AND THE PROMISE OF A SAVIOUR

The serpent was more subtle (tricky, sly, cunning, more intelligent, bold, sagacious) than any of the beasts that God created. He was carrying some strange beauty and seemed to appeal to Eve. Even after the curse and he became a writhing, shiny snake we can still allude to the striking and bold presence of this creature in the fallen state (The viper). Notice, Lucifer is called the Serpent- that old serpent! It was a body Lucifer saw as an opportunity for him to operate in, because it was earthy and Godless. This serpent being was not tied to God in spirit! It was empty of the God-spirit and nature! It was just a beast albeit in the resemblance of adamic man and was like adamic man in physique. Just as the Holy Spirit dwelt in Jesus the Christ, Lucifer entered into the serpent to fulfill that which was written of him. Jesus called the Cain seed in His day “generation of vipers” (Math.3:7; 12:34;23:33;Luke 3:7; John 8:44). Evidently Satan felt this shiny and eye-catching creature was exactly for him to possess as he had always been greedy of gain. God knew Lucifer would possess the body just as Jesus knew Judas would betray him all this while and told him to go and carryout what had been written concerning him. Lucifer was to enter this serpent beast to fulfil his innate evil nature –seducer and adulterer, and of course being

the greedy guy he was, decided to enter into it to seduce Eve. The sexual act between this serpent and Eve gave the lineage of Cain who was not added to Adam's lineage (Genesis 4:25; 5:1-32) showing he was from an illegal act with Eve.

The book of 1James 3:12 confirms Cain 'was of the evil one'. He took completely all the characteristics of the devil who possessed him to carry out the act.

So we might say that the Serpent was a body Satan used to perpetrate his ungodly, perverted lineage on earth because there is no record of any of his lineage calling upon the name of the Lord God (Genesis 4: 17-24)! It was a crazy generation and in conjunction with fallen angel spirits and demons wrought havoc on the earth in cults and occult and rituals of all sorts.

The godly seed of Adam which started from Seth were calling upon the name of the Lord (Genesis 4:26) because they were made with His spirit and that longing towards the Lord God was always there.

God had to come and redeem His own (the adamic seed), not the serpent seed, NO, but the adamic seed made in His image. That was the promise God gave to Eve (Genesis 3:15)
